

received from the public. EPA received 32 unique letters on Preliminary Plan 15 that generally provided suggestions for improving certain analyses as well as comments for EPA to consider as it continues work on the detailed studies and ongoing rulemakings discussed in the Preliminary Plan. EPA considered public comments and made appropriate revisions. EPA did not change course on any substantive areas of ELG work as a result.

Plan 15 provides updates on EPA's reviews of industrial wastewater discharges and treatment technologies discussed in Preliminary Plan 15 and presents EPA's 2021 annual review of effluent guidelines and pretreatment standards. With this Plan, EPA continued to focus on and evaluate the extent and nature of Per- and Polyfluoroalkyl Substances (PFAS) discharges and assess opportunities for limiting those discharges from multiple industrial categories, as outlined in EPA's 2021 PFAS Strategic Roadmap, found here: <https://www.epa.gov/pfas/pfas-strategic-roadmap-epas-commitments-action-2021-2024>.

Plan 15 announces that EPA, pending resource availability, intends to initiate one new rulemaking and several new studies. After collecting and analyzing data, EPA has determined that revisions to the effluent limitations guidelines and pretreatment standards for the Landfills Category (40 CFR part 445) are warranted, considering PFAS found in landfill leachate. Plan 15 also announces EPA's intent to expand the detailed study of the Textile Mills Category (40 CFR part 410) to gather information on the use, treatment, and discharge of PFAS from the industry. Plan 15 also announces EPA's intent to initiate a Publicly Owned Treatment Works (POTW) Influent Study focusing on collecting nationwide data pertaining to industrial discharges of PFAS to POTWs, including categories recently reviewed. Finally, Plan 15 announces EPA's intent to undertake a detailed study of the Concentrated Animal Feeding Operations (CAFO) Category (40 CFR part 412), which will focus on collecting further information to enable the agency to make an informed, reasoned decision whether to undertake rulemaking to revise the ELGs for CAFOs.

Plan 15 also announces that EPA is not pursuing further regulatory action for the Electrical and Electronic Components (E&EC) Category (40 CFR part 469) at this time but will continue monitoring this category for PFAS discharge data through the POTW Influent Study. Plan 15 announces that EPA will also continue to monitor PFAS

applications and discharges from the Pulp, Paper, and Paperboard Category (40 CFR part 430) and airports. The agency intends to undertake the actions outlined in this Plan and summarized above. The commencement and pace of these activities depend on the agency's Fiscal Year 2023 appropriations and operating plan.

Finally, Plan 15 provides updates related to several actions that are included in EPA's Regulatory Agenda, including the Steam Electric Power Generating Category rulemaking to strengthen certain wastewater pollution discharge limitations for coal fired power plants that use steam to generate electricity; Meat and Poultry Products Category to address nutrient discharges; Organic Chemicals, Plastics & Synthetic Fibers Category to address PFAS discharges; and Metal Finishing and Electroplating Categories to address PFAS discharges.

Plan 15 can be found at <https://www.epa.gov/eg/effluent-guidelines-plan>.

Radhika Fox,

Assistant Administrator.

BILLING CODE 6715-01-P

FEDERAL MARITIME COMMISSION

Privacy Act of 1974; System of Records

AGENCY: Office of the Secretary, Federal Maritime Commission.

ACTION: Notice of a new system of records.

SUMMARY: The Federal Maritime Commission (FMC or Commission) sponsors advisory committees in accordance with the Federal Advisory Committee Act when the FMC or Congress deems it would be beneficial to obtain advice or recommendations on issues or policies under consideration by the FMC. The Commission appoints advisory committee members which may include special government employees, Federal employees, or representatives of outside organizations, such as trade groups or industry. The FMC collects information about applicants to assess their qualifications to serve as a committee member, such as employment history, education, references, and other information relevant to the applicant's qualifications.

DATES: Written comments must be received no later than March 2, 2023. The revisions will become effective as proposed on March 2, 2023 unless the Commission receives comments that would result in a contrary determination.

ADDRESSES: Submit written comments to the Secretary, Federal Maritime Commission, 800 N Capitol Street NW, Washington, DC 20573-0001; or email comments to: Secretary@fmc.gov (email comments as an attachment in MS Word or PDF). Include in the Subject Line: Comments on Systems of Records Notice FMC-44.

FOR FURTHER INFORMATION CONTACT: William Cody, Office of the Secretary, 800 N Capitol Street NW, Suite 1046, Washington, DC 20573-0001. (202) 523-5725. Secretary@fmc.gov.

SUPPLEMENTARY INFORMATION: This is a new system of records for records related to Federal advisory committees that the Commission supports.

SYSTEM NAME AND NUMBER:

FMC-44 Federal Advisory Committee Files.

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

Office of the Secretary, Federal Maritime Commission, 800 North Capitol Street NW, Washington, DC 20573-0001.

SYSTEM MANAGER(S):

Secretary, Federal Maritime Commission, 800 N Capitol Street NW, Washington, DC 20573-0001, Secretary@fmc.gov.
